"IT SHINES FOR ALL"

AND

Truckee Republican

75th Year, Number 10 | Truckee, Nevada County, California, Thursday, April 13, 1944 | Since 1869

WITH OUR BOYS IN SERVICE

A V-mail letter this week from Staff Sgt. Edwin Waters, places that Truckee veteran in New Guinea and with a violent dislike for the region. Ed writes that he landed in Australia but wasn't there long until his infantry outfit was sent to the present spot. Says he hasn't received any mail since he left the states and is anxious that it catch up with him.

Also this week via V-mail came a short note from Sound Man Third Class Bill Marts, aboard a destroyer escort in the Pacific. Bill says he has been closely scanning the news of our service men in the Sun, but has not been able to locate a one of them in his portion of war activities. "We have been busy on 'odd' jobs and I can tell you life isn't dull," the young sailor wrote. "Not long ago we had some excitement and many of us had our share of fun," he added.

Then from Bill Mart's old chum and our one-time printer's devil, George Keetch a note from Camp Joseph H. Pendleton down at Oceanside, in which he says: "Look where I am. In the Marines. I didn't expect to get here but here I am. The worst part of it is, my mother was coming to Oakland to see me, and then just the day before she was to arrive, my name appeared on the 'draft' board. Oh, well, I guess it could be worse, though I don't know how." George enlisted some months ago in the navy and was assigned to the medical detachment. He is now in a field mediacl school, similar to the one Ange Besio attended before he went with the Fourth Marines to the Pacific.

Confirmation came this week from the 12th Naval District of Heslin Cardinal's recently mentioned citation for his part in the battle of Guadalcanal when his ship, the USS Gregory was sunk in a surprise attack by the Japs in September, 1942, during which battle Hes received injuries which resulted in his discharge last year. We discovered that Hes was too modest in his statement upon receipt of the citation signed by Secretary of the Navy Knox. "Your extreme devotion to duty and conspicuous bravery in action was in keeping with the highest traditions of the U. S. Naval Service," the letter declared.

Robert Leamon, signalman second class, is en route via bus this week to his Atlantic Coast base, following a visit here with Mrs. Leamon and other members of his family.

A recent picture of Lt. (j.g.) John Saibini gives him all the dignity and flair of his new title. John is still at sea on the Atlantic.

Sgt. Raymond Saibini, thought to be in India or Burma, sent home some Chinese money when he replied to birthday greetings. His 21st birthday occurred March 9. Raymond said the Chinese bank note, printed in the U. S. A. is now worthless where he is presently located.

Ensign Frank Titus has been enjoying a leave home from his training base in Kansas and will continue to Corpus Christi, Texas, for advanced flying in naval aviation. Frank is fast becoming an experienced flier and thoroughly enjoys his work. He looks in top condition.

Marion Follett, specialist second class, U. S. Naval Reserve, claimed as his bride, Miss Erma Tressentin on Friday, April 7 in the Lutheran Church at Bremerton, Washington, where he is now stationed. The newlyweds made a trip to Victoria, B.C. on their honeymoon. Follett is the son of Mr. and Mrs. S. A. Follett of Truckee. He attended local schools and was later employed by the local bank before going to Westwood bank where he continued work until going into the navy.

Mrs. A. B. Polyanich has had word from her brother, Pfc. Ralph Brettthauer, that he now has a New York A.P.O. number and is seeing some of the sights out yonder.

Also in Ralph's infantry outfit with an A.P.O. New York is John Collier another Truckee boy, according to word received by his mother this week.

P. F. E. WILL SPEND BIG SUM DURING 1944

Expenditure of nearly $15,000,000 during 1944 for new refrigerator cars and repairs to its present rolling stock has been authorized for Pacific Fruit Express by its joint owners the Southern Pacific and Union Pacific Railroads, it was announced this week. The program provides for the purchase of 1,000 new cars at an estimated cost of about $5,500,000.

Now the largest operator of refrigerator cars in the world, the Pacific Fruit Express had 36,265 cars in service January 1, 1944.

V

Birthday Today—

Mrs. Sam Goss, residing in Reno this winter, is observing her birthday today.

Mrs. Glenn Sweeney writes from Woodland that her son, Sgt. Alden Moore, who is in the Southwest Pacific wrote that he was on the high seas Christmas Day and woke up in a hospital on New Years but is much improved. He and others enjoyed the sport of hunting wild boar but got lost and had to swim back with alligators as companions. The weather in his area goes from drenching rains and mud to heavy dust. No fresh vegetables such as raised in California graces his mess kit.

V

LARGE CREW HERE TO WORK ON S. P. FOR COMING YEAR

Nearly 100 workmen, employed by Morrison-Knudsen Construction Co. have arrived here to replace the Mexican nationales doing construction and maintenance work for the Southern Pacific. The company has established an office in the Sherritt building on East Main street near the office of the utility district.

The company has rented the Roma and Sierra Hotels where the men are being quartered. They have established a kitchen and dining room at the Sierra Hotel.

While it is not definitely known how long the crews will be here, it was reliably reported that they will remain for at least a year.

V

SNOW SURVEY IS SHOWN AT JOINT MEETING OF CLUBS

At a joint meeting of the Truckee Lions and Rotary Clubs last night, the 43 members and guests enjoyed a series of interesting colored motion pictures taken and exhibited by Walter Herz, engineer for the Sierra Pacific Power Company, showing the methods used and terrain covered in making snow surveys in the High Sierra. Many of the scenes were taken in the nearby snow sheds and were of especial interest to the audience. Frank Tracy, also of Reno, and president of the Sierra Pacific, spoke briefly as did Dr. Church of the University of Nevada, inventor of the snow survey apparatus now used throughout the world.

Dick Pierce, Lions club president from Reno, George Caldwell and H. I. Snider of Truckee and Stan Martin of Tahoe were among the guests.

Art Couillard of the Rotray Club was program chairman.

V

FIREMEN TO FEAST AT MORO'S, DANCE AT WYETHIA CLUB

The Truckee Volunteer Fire Department met Tuesday evening at which time plas were completed to have Ladies Night dinner Saturday, April 15, at Moro's and a dance at the Wyethia Club building. N. F. Dolley presided.

V

AMUSING PLAY IS SCHEDULED BY LOCAL STUDENTS

Even the sky will find it difficult to be blue on Friday evening, April 21, when "The Sap" is presented by the students of Meadow Lake Union High School in the grammar school auditorium.

"The Sap" is a wholesome comedy and the story is told with great skill and grand good humor. There are tears behind some of the laughs, but they only add a flavor to the mirth —that clean mirth which is so rare and which never fails to amuse.

"The Sap" is a man of ideas but little else. He hates to work. But probably to every "sap" as to every wise man, now and then, grasps the locks of good fortune.

The cast is being ably directed by Mr. and Mrs. Ray Briles.

V

NEW STORMS BREAK SPRING WEATHER

Just when it appeared that winter was too far gone to ever return and spring seemed well advanced, what should show up but two storms within the past week, each of which blanketed the entire region with snow and caused the return to service of both highway and railroad snow removal equipment.

Last Saturday morning six inches of snow fell and this was followed Tuesday by another six inches, just as the first fall had disappeared.

Traffic was delayed somewhat by the storms and chains were required on all vehicles crossing Donner summit.

Flowers, green grass, robins and many other signs of spring disappeared temporarily.

V

STATE INCOME TAX DEADLINE NEARING

Charles J. McColgan, state franchise tax commissioner, today issued a warning to California income tax payers that only two days remain for the filing of state returns by midnight April 15.

My Place In The Sun

By CPL. DOUG BARRETT

Excerpts from letters from the Canada theater of war operations

Well, here I am restricted again. Now don't get excited. I'm as good a soldier as ever and it's no fault of mine that the wraps were slapped on. It seems that some childish chap here went out and caught—of all things—the measles. Now if that doesn't take the rag off the bush! I lean over backward to avoid restrictions and fall right into one. Oh. well, such is life in the army!

The restriction, though, didn't catch me before I spent one of the most pleasant weekends of my career. Saturday afternoon the g. f. had me out to her father's farm for the weekend (I had to go on duty at 4 Sunday, darn). Had a dandy time herding cows, watering horses and generally relaxing. To top it all the weekend was saturated with the most beautiful weather. It was tough to go to work Sunday—but I did.

Monday we had a shin-dig out here at the base. It was G. I. and fun. A group of engineers furnished the music—and it was good.

As I write this, the radio is tuned in to the Frank Morgan-Fanny Brice show. I can just imagine myself—flat on my back—listening to it at home. Pardon me while I stretch and scratch the cat. Somehow it combines the joy of memory and the thrill of anticipation.

In one of the G. I. newspapers we get here there was a little item about a letter an infantry man wrote home about the progress of the war in Italy: "Today we captured five living rooms and three dining rooms and had our advance patrols in a kitchen." Ah, well, it's as good as most fillers.

V

MARY ROQUETTE, ED. STELZRIEDE, WED IN NEVADA

On Easter Sunday afternoon, Mary Roquette was married to Edward Stelzriede by Judge Francis Cunningham at Sparks, Nevada, in the presence of members of the family.

The bride is a well known business woman here where she has resided for many years and has gained a legion of friends. Stelzriede is employed by the Southern Pacific and has also made many friends since he came here to reside.

The bride chose a light grey suit with harmonizing accessories and a lavender hat. A corsage completed the costume.

A wedding dinner followed the ceremony.

Out of town guest included Mrs. Thomas Barbas and Miss Mary Barbas of Oakland and Mr. and Mrs. Bernard Vernazza of Graeagle.

V

DIVORCE AT CAPITAL HAS LOCAL INTEREST

Verne Pennington, Vallejo war worker, who was victorious in a series of legal skirmishes with his wife, Jewel, in 1942 and 1943, this week was granted a final decree of divorce by Superior Judge Malcolm C. Glenn at Sacramento. Pennington charged extreme cruelty and adultery.

The case won local prominence in Truckee when Mrs. Pennington was induced to recross the state line from Nevada and their infant held pending the granting of custody by the Sacramento courts.

The divorce case was highlighted by a series of charges and countercharges and a hearing before Judge Glenn in which Pennington sought a contempt citation against his wife for assertedly defying the court's order by taking the infant son, Merle, out of the state.

V

Returns to Study—

Miss Clarabelle Lewis returned to classes at the Sacramento Junior College after spending Easter here with her parents, Mr. and Mrs. B. J. Lewis.

Sees Draft Board—

E. C. McReynolds, railroad employe, went to Sacramento Monday for his pre-induction physical examination.

In Hospital—

Gertrude Waters, youngest daughter of Mr. and Mrs. George Waters was taken to Reno Thursday for an appendectomy.

Man Jailed After Workman Beaten In Local Brawl

Charges Placed Against Mexican After Man Hurt Seriously

C. E. Gunn, 58, workman employed by the Morrison-Knudsen Company here, is in the Nevada County hospital with serious, if not fatal head injuries and Tony Martinez, 33, cook for the same concern, is in the jail at Nevada City, charged with assault with a deadly weapon with intent to do bodily harm, as the result of a fight near the company's mess hall south of town at 8 o'clock Sunday night.

Martinez is accused of attacking Gunn with a heavy rock which he is said to have used to beat the older man over the head.

B. W. Reynolds, a special deputy sheriff, was called to the scene after the fight started. He placed Martinez under arrest and Constable N. F. Dolley asked that the complaint be issued.

Witnesses, Dolley reported, said Gunn became ired at persistent annoyance by Martinez and left the bunk house to summon an officer. As he left, Dolley was told, Martinez gave pursuit and arming himself with the stone, soon had his opponent down and severel beat him over the head before rescuers could intervene.

Both men came here recently with the big crew of men to be employed on the railroad.

V

MARY PIERCE WEDS SERGEANT IN AIR CORPS IN TEXAS

Friends of Miss Mary Pierce are learing of her marriage in San Antonio, Texas, Saturday, April 8 to Staff Sergeant Jack Philips of the Army Air Corps, stationed at Honda Field.

The bride is the daughter of Mr. and Mrs. Charles E. Pierce of this city and was a popular member of the younger set here. She graduated from the Meadow Lake Union High School and after attending the Yuba Junior College at Marysville accepted a position at McClelland Field near Sacramento.

The best wishes of her many local friends will be extended the young couple.

V

J. B. CLARK, FORMER HOBART MAN IS DEAD IN BAY CITY

Funeral services were held in San Francisco yesterday for J. B. Clark, 65, who followed his wife, Bessie, in death within two months.

The family was well known in this district, having lived at Hobart Mills for 34 years before that town closed. Clark was an active member of Summit Lodge No. 54, Knights of Pythias here for many years.

Mrs. Hope Weeks and Mrs. Martha Luhrs of Berkeley and Earl Clark now in the marines, are the surviving children of the deceased.

Clark was a native of Lewis, Nev. and for the past three years had been employed at the Moore Ship yards in Oakland.

Funeral services were held yesterday in San Francisco under the auspices of the Knights of Pythias Lodge.

V

TIRE INSPECTION SLIP STILL NEEDED

Gilbert McNeil, rationing executive of the Sacramento district office of Price Administration, today emphasized that the discontinuance of compulsory periodic inspections of passenger car tires after April 20 does not mean that the tire picture is any brighter.

"Production of new tires is still far below actual replacement needs and used casings have practically disappeared," McNeil said. "We are eliminating the periodic inspections because pre-war tires now in use have already been examined at least three times. As a result, required repairs, mechanical difficulties and recapping needs which were uncovered by inspections, have been called to motorists attention and taken care of."

The truck tire inspection continues as before, McNeil said.

Tire inspection records will still be required in connection with the issuing of supplemental gasoline rations.

.: Sun :. Beams

by WALTER M. BARRETT

Last week we were able to report that the State of California would resist any attempt to destroy the natural beauty or recreational value of Donner Lake. This opinion was expressed in simple words that can be clearly understood by anyone who cares to read them. Now we are anxious to see if the order will be obeyed. Will the state enforce its point-blank directive? Will the famous old lake be restored to the level it maintained before blasting and dredging operations were conducted last fall when the surface of the lake was materially lowered? Will the same ruling apply to once beautiful Independence Lake? There are still many pertinent questions unanswered, but we can assume that the State of California was not fooling when it declared through its State Lands Commission that "the State will resist any effort which might be extended toward the doing of physical damage to either the scenic beauty or recreational aspects of Donner Lake through diversion of its waters or the lowering by physical means of its water level." We can also assume that this decision is retroactive and the the disfigurement of the lake cause by excessive drawing off of water, will be repaired.

We are certain that the Truckee Chamber of Commerce, the State Chamber and its Stream Flow Maintenance Committee do not intend that any of the natural flood waters of any Sierra lake or stream be denied those who can make use of them. That would be selfish and unjust. These agencies want only to protect the natural beauties of this still great recreation land. For all current needs, we are advised, there is ample water storage in the Sierra. If more is needed, the local and state chambers and all others concerned, including the State of California, we feel assured, will lend all possible assistance in procuring it—providing the procurement does not constitute a danger to one of our few remaining assets—our great natural resources. These we should all be fully pledged to protect.

We keep our wastebasket well filled these days with "news" from a score of political headquarters which evidently maintain a high-salaried staff of publicity "experts" but who, for the most part, are extremely short in their advertising departments. We believe that the people are entitled to know the aims and backgrounds of the men running for public offices, and we are pleased to present these uncolored facts. What we object to, however, is the trend of some candidates to attempt, some times subtly, sometimes not so subtly, to get newspapers to blast their opponents, print only generous, kind statements about themselves and then if elected forget that they are dependent entirely upon the voters for their jobs and immediately assume a self-righteous dictatorship. These candidates, fortunately, are in the minority, but if you don't think they exist, come in sometimes and scan the junk we file in our wastebasket.

V

U. S. EMPLOYMENT MAN OPENS OFFICE

Jerry Bolster of San Jose, associated with the United States Department of Employment, who has been stationed at the state quarantine station for the past few weeks, announced this week that he would maintain office hours at the office of the Truckee Public Utility District as a new departure in his endeavor.

Bolster is engaged in attempting to locate men and women for various jobs in all parts of the state and along that line said he would welcome registration of employers in this locality desiring help. He will be at the local office between the hours of 3 and 5 each afternoon and anyone wishing to consult him relative to employment is invited to call on him there.

Bolster is accompanied by his wife and they are temporarily residing at Emigrant Trail Lodge.

V

With Family—

Mrs. R. T. Henderson spent several days with her husband and daughter Miss Dolly Henderson at Niles, returning here to be with her mother who is ill, on Easter Sunday.

Prospect Bright For Opening Of Fishing Season

Boats Will Be Permitted On Boca Reservoir This Year

Prospects are excellent for the opening of the trout fishing season on the Truckee River, its tributaries and at Tahoe and Donner Lakes, it is reported by Game Warden William LaMarr and other experts on the sport which will start May 1.

The season opens in Nevada Saturday and a number of local anglers are counting their A coupons with a hope they can get in a few casts before the California opening 15 days later.

LaMarr said he had been advised that boats will be permitted on Boca Reservoir this year, but must stay at least 300 feet from the dam. This is good news to sportsmen who last year were not allowed to put boats on the reservoir, one of the favorite spots for hundreds of nimrods.

No permits will be required for theboats on Boca, Lamarr was informed.

LaMarr said that if the coolish weather continues many of the fish will still be spawning and will not be moving about much. Two weeks of warm weather, however, would make a vast difference and trout would be lively, and probably would strike at flies.

There should be an abundance of trout in the local streams this year as the state planted thousands of fine specimen last fall in most of the lakes and streams.

As usual for the opening of the esason worms and salmon eggs will be the best bait, with fly casters getting in their best licks a little later in the season.

Due to the restrictions on travel and gas rationing, the sportsmen at distant places will have more trouble than usual making frequent trips but for those nearby fishing is expected to be better than for many years.

V

FIVE YOUTHS ARE HELD HERE FOR OAKLAND POLICE

Five Oakland youths, including two girls, 13 and 16 years of age were apprehended here Saturday morning by L. E. Kelly and Earl W. Crane, officers of the state highway patrol, after the Chief of Police at Oakland requested that they be held.

The girls said they were en route to Reno to be married.

One of the five, Robert F. Adams, 18, was being held in jail here for the U. S. Marshal's office, Constable N. F. Dolley said, after it was reported he was wanted for evading the draft. The two other boys, Napcleon Miller, 22 and Raymond McAdams, 19, were released after no complaint was filed by the Alameda authorities. The girls, Delores Ucci, 13, and Stella Mae Rothe were turned over to their parents.

The five were apprehended when the car they were driving stalled on the highway just east of Truckee.

Dolley took Adams to the county jail yesterday.

V

TRUCKEE SCOUTS MAY ATTEND MEET

One of the biggest activities to stimulate short-term or overnight patrol and troop camping will be the Tahoe Area Council Camporee of Boy Scouts at Lake Olympia at Grass Valley Saturday nd Sunday, May 20 and 21, according to L. H. Reynolds, camping and activities chairman. The event is expected to draw scouts from Truckee, Grass Valley, Nevada City, Auburn, Roseville, Loomis, Rocklin and Colfax.

V

GOODFELLOWS WILL OPEN SATURDAY

Mr. and Mrs. Joe Zorich announced this week that they will open their Goodfellow's restaurant on Saturday April 15. They have been busily engaged in redecorating the interior preparatory to the opening but have everything in readiness.

V

On Vacation—

Mrs. M. J. McGwinn and Miss Margaret McGwinn plan to leave today for a vacation in Stockton and the bay district. Mrs. Doyle McGwinn who has been their guest, will return to Reno.

IT PAYS TO ADVERTISE IN THE SUN

To a carpenter who wauts an unusual job

Out on the Southern Pacific line.. out where the grass skitters when the train whistks by...where there is room to breathe ... (yes, and to swing a hammer), the railroad has a job for you. Building bridges, culverts, doing railroad construction work with men who figure a carpenter too can hammer out a victory tune. (This, believe us, is real war work, because your work speeds the war trains.) Now, down to brass tacks: You'll live with a good gang...in Outfit Cars fitted up. No housing problem here! Board at very reasonable prices. Railroad pass privileges. Medical services. A fine pension plan. Liberal age limits. Above all, a job with a permanent company. If this sounds good, come in and see us, We think you'll go for this job.

See or wirte J. A. McKINNON, Asst. Superintendent, Sparks, or your nearest S. P. Agent

JUSTUS CRAEMER, Orange county publisher and candidate of U. S. Senator—"The American people want the American form of government—properly administered—and I believe it is about time we gave our own system a fair trial."

POLITICAL PARADE

By CLEM WHITAKER

A rapid reshuffling of political decks is going on, both in California and in the nation at large, as a consequence of Wendell L. Willkie's spectacular play in bowing out of the presidential contest.

The picturesque, unorthodox author of 'One World' who carried the GOP flag in 1940, dropped a political bombshell that literally echoed 'round the world when he made his now famous speech at Omaha, withdrawing from the 1944 race for the Republican nomination for President.

Nationally, the immediate effect of Mr. Willkie's action, coming on the heels of the Wisconsin primary, was a sharp upsurge of sentiment for Governor Thomas E. Dewey of New York, with many political commentators prediciting that Dewey will now win the Republican nomination on the first ballot at the Chicago convention.

That reaction, however, may be tempered by later developments. While Willkie has bowed out as a GOP candidate, he might be a ocnsiderable factor as the backer of another candidate. And there is an uneasy feeling in some Republican quarters that he might bolt and lead a third party movement, if the GOP should nominate a candidate whose views on the international situation are unsatisfactory to him.

Democratic strategy undoubtedly will be centered on an attempt to make the Republican party appear to be the party of isolationism, as a result of Willkie's failure to sell his bill of goods to the electorate. Republican strategy, on the other hand will be to make the Democratic party appear to be a party of starry-eyed internationalism, as personified by Vice President Wallace, while puting the GOP on the middle ground.

Governor Earl Warren's chance of emerging as a Republican candidate for president, which hinged on the possibility of a deadlock between the major contenders, appears to have lessened as a result of Willkie's withdrawal. Conversely, his chance of becoming the nominee for vice president has been strengthened as Dewey, now the admitted favorite for top spot, is said to look with great favor on Warren as his running mate.

A Dewey -Warren ticket, in the opinion of many of the experts would almost certainly put New York and California—two of the biggest states in the union—in the Republican fold in November. And that would be a big step toward a Republican victory.

Tahoe Schools

The opening date of the second summer semester of Tahoe branch of the Placer Union High School this year will be June 19 with the term concluding September 23. A larger class than last eyar is expected to be on hand, according to the inquiries received by Mrs. Bliss Hinkle, the principal.

The Tahoe Lake grammar school has received a citation from the United States Treasury Department for completion of the "Schools at War" program which ended December last. The amount of money they sent in will pay for one parachute.

Assisting at the Tahoe telephone exchange until June 1 is Miss Marjorie De Bolt of Pasadena.

Notice for Payment Of County Taxes

The taxes on all personal property secured by real property and one-half of the taxes on all real property for the fiscal year beginning July 1, 1943 and ending June 30, 1944, will be due on the first day of November, 1943 and will be delinquent on the 5th of December, 1943, at 5 o'clock p. m. and unless paid prior thereto six per cent will be added to the amount thereof, and if said one-half be not paid before before the 20th day of April, 1944 at 5 o'clock p. m. an additional three per cent will be added thereto. The remaining one-half of the taxes on all real property will be payable on and after the first day of January 1944, and will be delinquent on the 20th day of April, 1944 at 5o'clock p. m. and unless paid prior thereto three per cent will be added to the amount thereof together with a further charge of 50c for each lot, piece or parcel of land separately assessed and for each assessment of personal property.

All taxes may be paid at the time the first installment as herein provided is due and payable.

Taxes are payable at the Treasurer's office, Nevada County Courthouse, Nevada City, California.

ELMA HECKER,
Ex Officio Tax Collector and County Traesurer, Nevada City, California.

LAKE TAHOE NEWS

By SWANEE Telephone Tahoe City 66J

TAHOE LETTER

To the Service Men

From SWANEE

Tahoe City, Calif.
Easter Sunday

Dear Tahoeites:

A big orange moon, full and round, has just climbed slowly over the Nevada mountains, its mellow glow reflected like a path of shimmering gold across the quiet water of the lake. Today has been perfect, one of those memorable days which linger in the memory like an old refrain. Although several inches of fresh snow fell yesterday, the storm but made the Tahoe region the more beautiful as the bright sun gleamed this morning upon the ermined landscape. A number of Tahoeites found their way to Truckee to church, but many of us listened to Easter services on our radios, inwardly grateful for the freedom of religiou granted us by our great America.

Friend husband left us on Saturday to go to Sarattoga where his daughter, Vendla, remembered by many older Tahoeites, now resides on a ten acre ranch. The fruit trees are all in bloom now, and it has been several years since the family had a reunion. Son Jimmie and I had thought our Easter would be a bit lonesome, but during the morning members of the Ralph F. Walker household, whose caretakers we are, called from San Francisco and sent cheerful greetings. We also had an opportunity to talk with Private Eric Druhn and his wife, the former having returned from Camp Lee, Virginia, just a week ago. He has been stationed there for a number of months, but on Monday reports for duty at a Marysville camp where he will be stationed from now on and is he thrilled to be back in sunny California. And is his wife thrilled to have him here!

Shortly after the call, Gerald Lundell, nephew of the N. R. Mayfields and formerly employed with the Forest Service at Tahoe Park, dropped in for a visit. He proudly informed us first that he is now the father of a little daughter, Llyn Marie, born in a Turlock hospital April 1. The little lady tipped the scales at 7½ pounds and with her mother plans to return to their home in Turlock today. Both are doing nicely. Gerald was employed all winter in a bomb factory but for the past few weeks has been working in the office of the Forest Service at Truckee. A younger brother, Glenn, just 18, has already passed his physical examination and successfully passed the V12 tests and is anticipating a call from Uncle Sam around July 1 Until called he will remain with his folks at their Turlock ranch.

Later Easter afternoon as I sat in the sunshine of our driveway the Carl Wheats drove by and stopped to visit. They were happy to hear recently that their daughter, Edna in training with the WAVES at a camp in New York state, has now completed her boot training and has risen to the rank of Seaman Second Class. She is most enthusiastic about her new life and writes that although the course is hard and long, she and her companions take time out for a lot of fun. She remains at her present camp for about two weeks more and then will be assigned to another station for more training. Pictures sent home recently show her in excellent condition in her uinform. During her first shore liberty two weeks ago she visited the Statue of Liberty in New York harbor, climbing the 168 steps to the crown for a beautiful view of the surrounding city and water. Later she enjoyed seeing the sights of Radio City where on the 70th floor of the RCA building she took in one of the current shows.

The Wheats eldest daughter, Jean, Mrs. Al Henry, Jr., and small son, Gary will soon be again residing at the lake, as Al on April 14 leaves for the Monterey induction center where he prepares to enter the army. Al, for months has been employed at a Sacramento air field as head mechanic in charge of a large crew of men, but has long wanted to satisfy his heart's desire and fly the big bombers. Jean plans to remain with her folks at Tahoe for the duration, renting their home at Sacramento until Al returns.

Another former Tahoe man who leaves on April 11 for the Salt Lake induction center is Lyle Smith, former electrician associated with Norman Mayfield in Tahoe City. Smith enters as a 2nd class electrical ship repair man and expects to join a unit which will go into active service after only a few months training. He leaves behind his wife and two children at Reno.

Again we are reading of the feats of heroism of 23 year old Raymond E. Duffee, son of Mr. and Mrs. Raymond S. Duffee of Sacramento and nephew of Mr. and Mrs. Joseph J. Duffee of Lake oFrest and Mr. and Mrs. Matt Green of Tahoe Tavern. His entire family is justly proud of his gallant record, his latest award of the Navy Cross being for extraordinary heroism against the Japs at Tarawa.

Here for a few days vacation with his sister and family last week was Pvt. Lawrence Brumfield of Camp White, Oregon. His is the brother of Mrs. Virgil Guinn of the Bittencourt Tract.

Heard too, last week that Carl Angstmann, known for years to Tahoeites as a gardener and handyman has been in the army for some time and is stationed in southern California. He also served in the first world war.

Billie Bechdolt at Camp Hale, Colorado, has returned from maneuvers and is about ready to go out on another problem—technical term for maneuvers. He writes his mother that her boxes of cookies continue to rate more and more popularity and urges that they come closer together! Bill's cousin, Bill Connors, who spent several summers with the Bechdolts at Tahoe Inn, on April 13 receives his wings at the Stockton air field.

The nation celebrated Army Day on April 6 this year with fitting respect and reverence being shown for the heroic, daily deeds being recorded in the history of this the greatest war the world has ever seen. Words of praise are useless things unless they are backed up by our brains and brawn, our sweat, prayers, tears, hearts and dollars. Tahoe's Red Cross quota, seven times that of 1943, at last has gone over the top thanks to Mrs. Evelyn Bliss who has been complimented by this district's director as one of the most sincere and capable workers for this great humane cause.

'Tis said that you boys away from home are most interested in meals—movies and MAIL—with most of you willing to chuck the first two for plenty of the latter. Well, I hope my headers at home will remember this and keep cheerful letters winging their way across the miles to you

The navy's most recent victory over the Japs in the Pacific seemed almost unbelievable, as will mank of the tales you boys will have to tell when this thing is over—but remember always our prayers and fervent wishes for success are always with you. Good luck, good cheer and happy landings from us back home. Let's win this war in '44.

As ever,
SWANEE

TAHOE MATRON IS FETED AT PARTY ON HER BIRTHDAY

TAHOE CITY, April 13.— Mrs. Weller Atherton, Mrs. Evelyn Bliss and Mrs. N. R. Mayfield last Saturday served as hostesses at a gay party held at the Atherton home in town in honor of Mrs. Ida Simmonds The Atherton living room where the tables were set up, was adorned with beautiful flowering begonias and a huge Christmas cactus which boasts nearly 300 lovely rose colored blossoms.

The long table in the dining room was set for 18, Mr. Simmonds being seated at the foot of the table and Mrs. Simmonds at the place of honor at the head. Two huge birthday cakes baked by Mrs. Mayfield and Mrs. Atherton, attractively decorated with lighted candles, ice cream and coffee were served the guests before the group gathered to watch the unwrapping of the many lovely gifts received by the honoree. An afternoon of bridge followed, first place going ot Mrs. Anne Anderson, second to Mrs. Matt Green, third to Mrs. Charles Swanson and fourth to Mrs. Simmonds.

Present on the occasion were Mesdames Stella Watson, John Pingree, Lillian Blanchard, C. W. Vernon Charles Swanson, Stanley Martin Floyd Carnell, Matt Green, A. M Anderson, Phillip Gallinger, Evelyn Bliss, Weller Atherton, N. R. Mayfield, Rose Boyiarides, Harry Johanson and Miss Florence Vernon and Mr. Simmonds and the honoree, Mrs. Simmonds.

Tahoe Briefs

The Harry Johansons were thrilled Friday, April 7, to learn that they are aunt and uncle of a little niece, Mary Elizabeth, born to the wife of Mrs. Johanson's brother, Mrs Henry ½acharias at Sutter Hospital in Sacramento. The baby weighed 6¼ pounds and has two little brothers. Both mother and baby are reported getting along nicely.

Mrs. Ray Frazier of Lake Forest is recuperating from an attack of ptomaine poisoning which kept her in bed several days last week. Dr Bernard was summoned from Truckee to administer treatment.

Mr. and Mrs. Sam Goss were home for the weekend from Reno where Mr. Goss is working.

Surprise of surprise! On Easter morning who should walk in but Sherwood Prusso, just up from Long Beach and who plans to remain for the summer. More about the Prussos next week.

Tahoe Tavern will open its doors this season to the public on June 27, according to Manager Glenn Greene. Reservations are piling up in even greater numbers than last year and last year was one of the biggest in the resort's history. Mr. and Mrs. Matt Green have arrived from Sacramento and are preparing their home near the Tavern for the summer.

Mr. and Mrs. Herman Jacobs and daughter of Sacramento spent the weekend at their new home in Tahoe City.

The level of the lake on Monday stood at 6226.83 with 22 CSF of water leaving the gates at Tahoe City Sixteen inches of snow remains on the ground in town, with varying higher degrees in districts south of Tahoe ranging as deep as four feet. The latest storm left 5½ inches of new snow Saturday. Monday the sky was overcast but with little indication of a new storm.

SKI CLUB AT TAHOE WINDS UP SEASON

TAHOE CITY, April 13.—The Lake Tahoe Ski Club members met Friday night at Community Hall, with President Allen Pollitt presiding. It was the last meeting until next fall.

Refreshments were followed by the showing of four reels of motion pictures taken by the Harry Johansons and Carl Bechdolts' Jr., Most were of skiing activities from various resorts, with some shots of local boys on Tahoe's hill. Miss Florence Vernon was in charge of the refreshments.

THE MAN AT THE KEYHOLE

by OPERATIVE WB

The smart money boys who bet on elections to win, have done some sharp figuring on the U. S. Senate race and have deicded that 100,000 votes will clinch the Republican nomination, with either Justus Craemer or Fred Houser as top man. They estimate that 450,000 Republican voters will go to the polls. Splitting that up between 12 senatorial candidates, they give 75,000 votes to the hair dozen minor aspirants, leaving 375,000 to be divided between six major candidates And no matter how you cut it, the precentage boys report, it still cuts very thin.

California service men, despite all the hullabaloo over soldier voting, seem to be more interested in their machine guns and hand grenades. Only about 8 per cent have applied for absentee ballots for the May primary!

All but about a dozen of the 1944 battles for seats in the State Legislature will be settled at the primary, in the opinion of the experts, with incumbents the heavy favorites in most districts. And don't be surprised if many of the congressional fights are also ended at the primary. The public is in a "not interested" mood—and the lads who can get their friends steamed up enough to vote are likely to take both nominations.

To a Machinist with "know how"

If you figure you know your stuff and want a chance to hsow it... want to work with men who take pride in their job....if you figure a permanent company is your kind of company, then this is your ad. Here at Southern Pacific we want men of your type to work in our big railroad shops or roundhouses ....to help rebuild and repair locomotives and other railroad equipment. We think you'll like railroading....like seeing a locomotive (that you worked on) go out and do a job of pulling war freights or troop trains. And like the men you work with —the kind of fellows you'll want to drop around to the house. New, higher railroad wages. Liberal age limits. Medical service. Fine pension plan. Railroad pass privileges. All the things that make this a really good job.

Have a Coca-Cola = ¿Qué Hay, Amigo?

(WHAT GIVES, PAL?)

...from Panama to Portland

Down Panama way, they like our friendly customs. *Have a "Coke"*, says the American soldier and the natives know he is saying *We are friends* . . . just as truly as when you offer Coca-Cola from your own refrigerator at home. Everywhere Coca-Cola stands for *the pause that refreshes*,—has become the high-sign of kindly-minded people the world over.

BOTTLED UNDER AUTHORITY OF THE COCA-COLA COMPANY BY

Coca-Cola Bottling Co. Of Truckee, Calif.

It's natural for popular names to acquire friendly abbreviations. That's why you hear Coca-Cola called "Coke".
